Dear Robin and the Wonderful Ladies of Sweet Charities SFV:

Thank you, from the bottom of our hearts, for your incredibly generous donation to the Foster Children's Resource Center. With community partners like you, we can take our program to new heights!

We help children -- from newborn to age 18-- in the foster care system in the greater Los Angeles area. These children are often sent to foster care with only the clothes on their backs. They need new clothes, school supplies, hygiene products, and other important items, and that is where we come in, to provide these items to them, free of charge, in a warm and caring environment.

Last year, we served 1,704 children, and each year, we are asked to see more. Your donation puts smiles on the faces of our clients and lets them know that someone cares about them during a difficult time in their lives.

I have attached a beautiful piece of artwork that one of our clients created for you. Thank you for your thoughtful and generous support of our program. We are so thrilled that you chose us to be the beneficiary of your charity's efforts, and we look forward to working with you again soon.

Sending our best wishes for the holidays!

Kristin Muhl
